
Northern Belle Pty Ltd

Cairns first Licensed Parlour Est. 2006

10-07-09

To the Hon minister for police Neil Roberts.

Dear Neil.

I am asking to draw your attention to the official request I have made to the Crime and Misconduct Commission (as per attachments) and in particular when the "independent assessor" to the Queensland prostitution act (as has been submitted by the C.M.C.) is to gain more power as far as S63A of the prostitution act is concerned.

My grief can best be read in (www.aartbrons.com), and or the "how we got here" page in www.northernbelle.com

Please follow up on my request to the C.M.C as I feel that this illegal action as far as wrongfully holding up the Cava Close building applications by Cairns City Council has been hurtful, time consuming and very costly to me to Cairns rate payers and now to Queensland tax payers as this has become "a state issue" and according to "the attachments", an ongoing costly saga.

Thanking you for your attention
Kind regards
Aart Brons

To the Crime and Misconduct Commission.

This request is also being forwarded to the Hon minister for police Neil Roberts.

I Aart Brons C.E.O of Northern Belle Pty Ltd officially ask the C.M.C to look into and hold an inquiry in a matter of wrong doing witch include cairns City Council hijacking the Queensland prostitution law to illegally hold up all Cava Close Bungalow brothel building applications since 2001.
(see attachments 1 & 2)

A submission by the C.M.C is currently before parliament to increase power to the "independent assessor" as far as S63A of the Queensland prostitution act is concerned , and in that I feel "Aart Brons ver Cairns City Council" through its dealings in the planning and environment court system has a major part to play in the cause.

I Aart Brons accuse Cairns City Council of fraudulently acquiring a legal brief to take the applications through the court system and of dealing behind closed doors to achieve an anonymous outcome, and then in particular perjuring their way with that brief in the Planning and Environment Courts

I am asking for a ("BROTHEL GATE") type inquiry in this matter as in my opinion it also has become a state issue.

(refer to wwwartbrons.com)

Kind regards
Aart Brons
